Could we weather a sudden drop in dues?

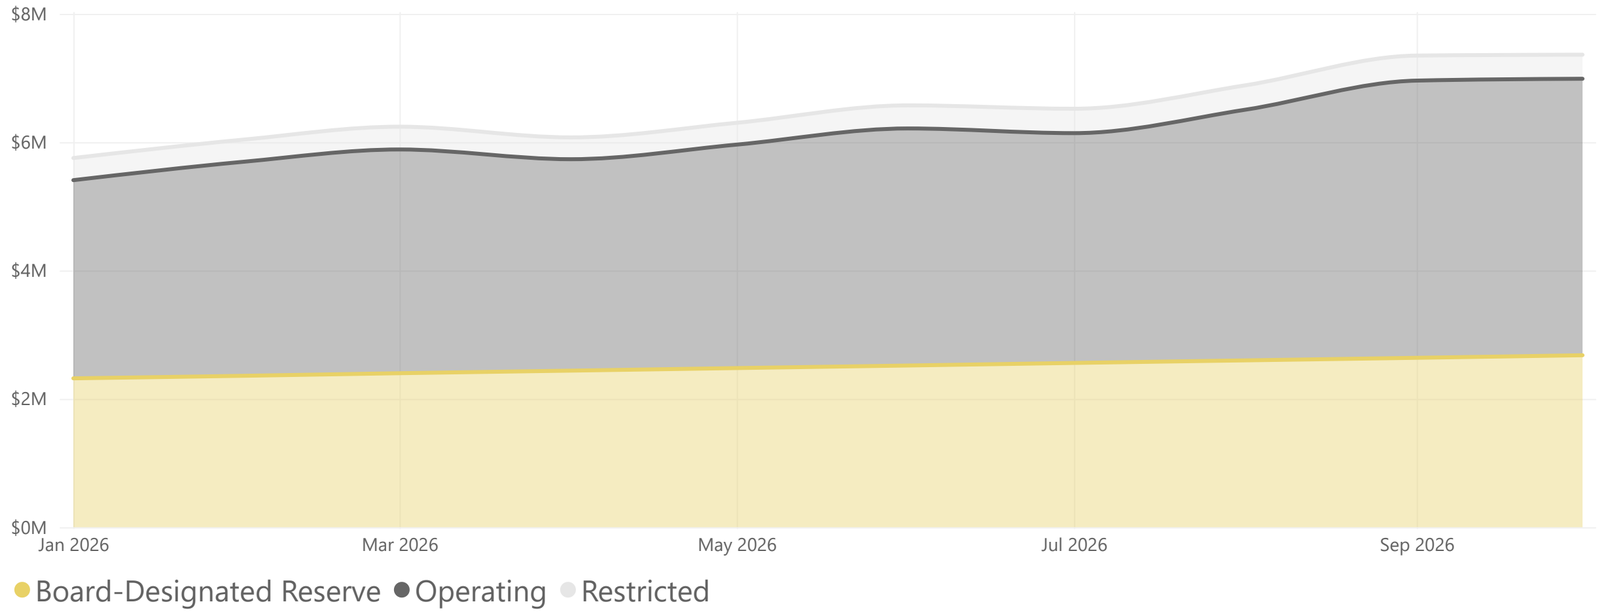

Target 3

Reserves cover 1.9 months of spending. The target is 3 months.

Reserve status	Unrestricted cash	Reserve fund	Restricted funds
Below target	$7.0M	$2.7M	$375K
$1.6M short of 3 months	4.9 months of spending	set aside by the board	can only be used as donors specified

How much cash do we hold, and where?

What these mean. A **reserve** is money the board sets aside for emergencies, not spent on day-to-day work. **Unrestricted** cash can be used for anything the budget allows. **Restricted** money came with conditions from the giver and can only be used for that purpose.
